CHARGING
DRAWERS

Docking Drawer Blade Series outlets are the smartest, simplest to install, and safest in-drawer outlets on the market. A variety of configurations are available, including AC, USB-C (PD), and USB-A to connect up to 8 devices safely right inside the drawer.

Charge up to 8 Devices

Choose from a variety of configurations to charge up to 8 devices in one drawer.

Fast Charging USB-C (PD)

Featuring 65W and 30W USB-C (PD) options to compatible charge devices more quickly.

Finishes for Every Style

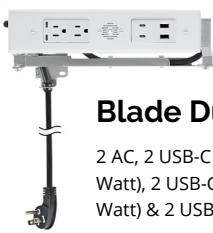

Available in white, black, stainless steel and brass finishes.

Peace of Mind

Interlocking thermostat and heavy cycle testing make outlets safe for applications of every kind.

Add Power & Purpose to Vanity Drawers

Install Docking Drawer Blade Series outlets into vanity drawers to create a dedicated space to power and neatly stow styling tools & other devices, keeping countertops clear of clutter, and devices always plugged in and at the ready.

VANITY DRAWERS

Connect up to 8 Devices

Choose from a variety of configurations to connect up to 8 devices in one drawer.

15 amp & 20 amp Solutions

While 15 amp covers most applications, 20 amp variations are available.

Interlocking Thermostat

Standard feature that cuts power when surrounding temperatures exceed 120°F.

Safety Interlock Outlet

De-energizes outlet when the drawer is closed for added peace of mind.
